

OCTOBER 15 2017

I would like to thank Adam [REDACTED] and the Corporate Turnaround for their help. In 2011 we lost our biggest customer which we were not prepared for. Business revenues dropped by 50% debt piled up quickly. The calls started coming in and we tried to negotiate on our on behalf. All we accomplished was stressing out my wife and myself to the point of about giving up.

Are in house accountant had seen a segment on TV about Corporate Turnaround and thought it would be an avenue for us to investigate. I was glad we did. Called CT and received an immediate response.

We now had someone to back us up and negotiate on our behalf. Harassing calls stopped. After several months if we did get a call or email we just forwarded it to Adam and his crew and it was promptly taken care of.

My wife and I could now go about rebuilding our trucking business.

We kept up with our funding of the debt payoff every week. Adam made the payment easy to meet and now we are free of that debt and are once again doing well with the business. Through all the time we were paying off the debt we were still able to purchase equipment for the business.

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice.
