Corporate Turnaround
95 North Route 17
Suite 310
Paramus, NJ 07652

To Whom It May Concern:

We were going in circles and spending ridiculous amounts of money trying to resolve our credit card debt. We cancelled the card and thought we could handle this on our own, right? We were not going to use the card - no more charges - and pay it off over time.

We had numerous conversations with "our friendly lender" believing that because we had been a solid customer for 20+ years and purchased hundreds of thousands of dollars with their card, we would receive some support and understanding. The "help" we received from our financial partner (as they described themselves) came in the form of threatening telephone calls, aggressive letters and unprofessional discussions.

I'm not sure how we found Corporate Turnaround but they certainly appeared at the right time. Our Client Advocate, Adam [REDACTED], led us to a solution that worked. He took charge, interacted with our credit card source, developed a payoff plan that was acceptable to everyone, and saved us a lot of time, frustration and money. During the process, we were encouraged to forward all written correspondence and voice messages that we received from our lender and Adam would interact on our behalf. He made the experience so simple and extremely friendly for us. It was outstanding!

Our debt is paid and we're moving forward with better controls on our spending. I personally thank Adam for his excellent work - he made the difference. Thank you!

Best regards,

[REDACTED]
President

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Debts may increase until a resolution is reached. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings.
