I am writing this letter in appreciation of what Corporate Turnaround has done for me and my business.

Due to many issues with my original partner, such as embezzlement, theft, and poor management, I found myself with almost \$100,000 in debt. I was barely at one full year in business. I had creditors calling and demanding payments every day. My business had such promise and such potential, but it was beyond repair from the actions of my original partner. I took legal action against my partner and removed him from my company, but that still gave no help to my overwhelming debt. I tried everything from cutting costs to trying to work with the creditors myself. I was getting nowhere. Being a single father and taking a risk on a new business, I was worried sick that I would lose everything and not be able to provide a stable life for my son.

After long nights of exhausting searches, I was so lucky to have found Corporate Turnaround on an internet search engine while I was looking for loans and financial assistance. I called them and they took their time with me and listened to my entire situation. I felt better after the first phone conversation. They helped me make a plan and they took over negotiating with all my creditors. It was such a relief to have someone on my side. They were able to reduce, and in some cases completely eliminate, all of my debt. I paid them an easy weekly payment and they took care of everything else. They saved my business. I am now reaching my third year in business and my business is flourishing. I want to personally thank Anthony [REDACTED] for his business advice, friendship, and skills in saving my business. I owe so much to Corporate Turnaround! Thank you!!

Sincerely,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings.
