

To whom it may concern:

I wanted to take this opportunity to write this letter to show my appreciation to Corporate Turnaround for **SAVING MY BUSINESS.**

In late 2011 my business was on the verge of filing for bankruptcy protection. I never really wanted to consider this, but I was facing a ton of debt and saw no way out of it. I am the type of person that firmly believes in paying back all of his debts, but I was beginning to think the cards were severely stacked against me.

It all started when the jewelry appraisal business started to decline due to a lot of competitors trying to enter the market. Shortly thereafter, one of my former employees managed to steal away some of my major accounts which seriously affected the bottom line. Then the final blow—in August of 2011 I was a horrific car accident that left me with 6 herniated discs. It would take months of rehabilitation just to get up and around. To this day I deal with chronic back pain that I simply have to live with. My outlook did not look good at all.

Luckily in November of 2011 I stumbled upon Corporate Turnaround on the internet while looking for help. I spoke with a salesman from CT the next day, Scott [REDACTED], and he signed up my business for CT's debt restructuring program. From there I was assigned my Client Advocate, Adam [REDACTED], and away we went. It wasn't always easy to come up with my monthly budget, but Adam was always there to work with me every step of the way. Slowly but surely each and every creditor of mine agreed to much more affordable payment terms as negotiated by CT's debt management team.

I started out owing 8 creditors over \$204k, but only ended up paying them a total of \$81,267.35 at an affordable monthly payment that the business could sustain. I couldn't believe the results when all was said and done. I would recommend CT to any business owner that struggles with debts and wants to do the right thing and get them paid off. CT saved my business and yours can be next!

Thanks again

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Consult with a licensed attorney regarding the applicability of bankruptcy.
