

The Corporate Turnaround Team-

I wanted to take this opportunity to thank the entire team at CT for helping get my small business back on the road to profitability. It is my true belief that without CT's help these last few years, it is quite possible my business would be closed, and I would no longer be doing what I have a passion for: Family Therapy.

I came to CT in January of 2009 with a large debt that I truly did not know what to do with. I had tried everything at that point to make this debt right, but nothing worked. I was focusing so much time on this issue that it was taking me away from what I am qualified to do, helping underprivileged youth and their families in [REDACTED].

I had a tremendous staff of 20 people that I did not want to let down. We lost some of our funding through state and federal budget cuts, I exhausted all lines of credit and loans, we lost all 4 of our full time therapists and it honestly felt like the sky was falling. I was racking up a lot of vendor debt as well and really needed an answer to all this negativity.

When all seemed lost, I stumbled upon Corporate Turnaround on the internet and was immediately impressed by their credentials. I spoke with a sales rep, signed a contract and trusted them with the future of my business. I couldn't be happier with my decision.

CT was able to get my vendors into payment plans that were more affordable for my limited budget which allowed me to grow the business back up to where I knew it could be. We are now debt free and I have CT to thank for all of their knowledge and hard work. A special thanks to Adam [REDACTED] for always being there for me when times were tough. You were my rock and I thank you for it.

Thanks again for saving my business.

Sincerely,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Consult with a licensed attorney regarding the applicability of bankruptcy. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on.
