Adam,

I can't express how grateful I am for all the hard work Corporate Turnaround has put in these past couple of years. I would especially like to thank Adam [REDACTED] and his team for their due diligence and attention to my account. Their ability to allow my company to pay down debts with reasonable terms and flexibility has allowed us to stay in business and grow.

We were hit hard with loss of revenue in 2009 and it took a year to accept the fact that we needed help. My first conversation with Adam put me at ease – I knew I had made the right decision for me and my company. Adam laid everything out, told me how everything works and didn't sugar coat anything – Up front and honest is what I like!

Sometimes people will not answer the phone or delete that email so they don't have to deal with the problem at hand – that was me!! – out of sight out of mind...I would like to commend Adam [REDACTED] for being there to remind me, "Hey, we need to deal with this and we need to deal with it now!" He was always on the phone or in my inbox with settlement offers and the latest correspondence from the creditors.

Adam and his team started out with \$50K owed to creditors and settled out our accounts for just about \$25K in a couple years, saving me \$25K and allowing me to stay in business.

I am absolutely thrilled with my outcome from this program and my only regret is that I waited to make that first call. I would highly recommend that anyone having financial issues contact Corporate Turnaround, ask for Adam and see how they can help you like they helped me.

Sincerely,

[REDACTED]

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings.
