

I remember the night like it was yesterday....

It was 2008 and the bank we'd done business with for years suddenly went out of business. overnight....taking a long negotiated business loan we were supposed to sign that following week with it.

It was Christmas Eve...and I thought that was it for our manufacturing firm.

We'd weathered numerous downturns in the business cycle in our 30 plus years - but the bank situation, coupled with the 2008 economy was like a perfect storm threatening to take us under.

I was sitting up in the middle of the night searching for help on the internet - thinking this was a total effort in futility, when I stumbled on Corporate Turnaround.

I have to admit - having been slammed in the face so many times prior by firms that pledged help - to only cost us money, time and above all peace of mind....you guys sounded too good to be true.

How lucky for us you weren't.

Adam, Corporate Turnaround helped me sleep at night, actually giving us peace of mind that the bills that were threatening to bury us would be made manageable once again.

You helped us through many a rough time - pushing us gently to stay with it - that there was indeed an end in sight...

I'm glad I listened. You were right...

When you called a few weeks ago and said we had finished up the program...I almost dropped the phone. I never thought we'd make it - I never thought I'd get the chance to write this letter to say thanks for helping us pull everything together, and put us back into a position to grow our healthy business.

I will always recommend you guys - your kindness and tough love saved our Company.

Words aren't enough. I'll just have to give you our continued success as living proof!

Sincerely;

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results.
