To whom It May Concern,

Corporate Turnaround saved me....

This company was able to give us a life back. Not just from a business stand point but my personal life.

My husband and I were in business for over 8 years managing 4 businesses. We were always able to make ends meet by taking from one store to pay for the other and we were able to get by.

Business started getting slower and slower so we closed one business and then the other. Three years ago we were down to one. At this point we carried all the debt of all 4 businesses to one store and it was really tough.

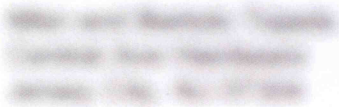

We started to get calls to get cash advance loans... They made it so easy! We took one loan to pay back daily. Then two and then 3 loans. At this point we were way over our heads in daily payments. We didn't know what to do and even discussed selling our house just to pay these loans.... This is not including saving the business.

Then I called Corporate Turnaround. They setup a meeting to discuss my situation and they put me at ease the same day. They told me what I had to do and they took care of everything. This included all legal matters and all paperwork... We started working immediately on the problem. I must say, after a long time, I was finally able to sleep knowing that we will make it through this... They took care of everything! Corporate Turnaround was with us all the way.

Today, we are running our hardware business with no advance loans. Corporate Turnaround helped us move forward with a plan that has helped us manage our business more effectively.

Special note:

I was a nervous wreck and Adam help me get through this during the entire process. He really knows his job... Thank you Adam!

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. Debts may increase until a resolution is reached.
