Dear Adam:

I am writing this letter with a smile on my face and a sense of relief.

We started this journey on January 2010. Before then I was thinking and rethinking about what decision should I take. I knew I needed help in meeting my financial obligations to be able to save my company, as I did not want to file for bankruptcy. But I was scared. I had gotten to a place where the outstanding bills exceeded the income that was coming in. People I spoke to just kept telling me to just file for bankruptcy but something inside kept telling me there had to be something else. I search and found Corporate Turnaround. I read and re-read and spoke to Tim Neretich several times. Finally, I took a leap of faith and trusted that Tim and Corporate Turnaround were going to help me. After I accepted and the paperwork started, that's when I meet Adam Lang. Adam answered all my questions - "the rational and the not-so rational ones". He always reassured me that we would get through all these creditors and reach a resolution.

On June 24, 2011 at 3:50 pm, Adam left me a message stating, it was time to celebrate - they had gotten all my creditors to settle and they have been paid. I had to hear this message several times to believe and that is when I called Adam.

I thought this process would take a very long time, I was in disbelief that I had finally reached this point with the help of everyone in Corporate Turnaround.

I would recommend Corporate Turnaround for any business that is experiencing hardships. Corporate Turnaround is a team of professionals that knows what they are doing and does their jobs well. I would like to thank everyone in Corporate Turnaround for all the hard work that they put into my accounts. I especially like to thank Adam for putting up with me so professionally and diligently, as he did.

To the whole team of Corporate Turnaround - THANK YOU, THANK YOU, SO VERY MUCH !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!- I would not have made it to this point, if it had not been for you guys.

Sincerely,
