Dear Adam,

I am writing today to personally thank you and all at Corporate Turnaround who had a hand in helping me resolve my debt situation.

I contacted Corporate Turnaround in August of 2010 after struggling to pay my bills for the first time in 17 years of doing business. It was in February of that year that I had discovered an employee of mine had been slowly stealing from me to the tune of over \$60,000. I couldn't believe that someone I trusted would do such a thing. After emptying my savings I still couldn't keep up and the phone calls started coming from my creditors. Federal Express even closed my account as an Fed Ex Authorized Shipping Center so I couldn't offer their services to my customers. After doing some research I gave my debt troubles over to Adam Lang at Corporate Turnaround. In the beginning, calls from collection agencies still kept coming in. I even had a repo guy come into my store to try to take equipment away that I was leasing. Adam gave me the confidence and the knowledge so that I now know the law and was able to deal with the repo man and the callers even when they got real aggressive.

Eventually, the calls stopped and each creditor was dealt with and each debt was satisfied. Corporate Turnaround actually saved me over \$41,000 in debt and for the first time in 3 years my business is financially stable and I can pay my bills. Like Adam always told me, it's not that I didn't want to pay my debts, the money to do so just wasn't there. I wasn't the bad person my creditors made me out to be. Adam was always there for me, always returned phone calls or emails immediately and never made me feel as if I was alone in all of this.

Thanks again Adam for all your hard work and putting up with me!

With Gratitude

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on.
