

Dear Corporate Turnaround

March 5<sup>th</sup>, 2014

It is indeed a pleasure to write this correspondence to you, regarding my experience with your company and Mr. [REDACTED]. In 2007 I started my own business in healthcare, which has been my chosen profession for over 20 years. At first everything was going very well, until my partner backed out in 2009. The impact was financially devastating and caused my company to go into default.

I didn't know which way to turn; I sought professional advice from a lawyer, but was not too pleased with the options she gave me. I then turned to the internet to seek advice on what to do next.

Corporate Turnaround was the first company to fit my query and after reading their bio, I felt this may be a very viable option. My case was assigned to Mr. [REDACTED], who viewed me as a person first and a company second.

Mr. [REDACTED] intimately understood my concerns and did everything within his power to lessen the financial impact on me, my employees and most importantly my family. He worked with me throughout the entire process to ensure I was well informed about the decisions that was made on my company's behalf.

I was facing a default price tag of over \$91,000.00, which Mr. [REDACTED] and his associates had reduced to \$42,000.00 saving me a total of 46%. I want to personally thank Mr. [REDACTED] (Client Advocate), Mr. [REDACTED] [REDACTED] who were my company's Debt Managers... without you, none of this would have been possible.

In closing my experience with Corporate Turnaround was excellent and I would highly recommend their services to anyone who may be burdened with a situation, such as this one.

Sincerely

[REDACTED]  
President  
[REDACTED]

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on.
