I've attached both the consent form and my letter.

I woke up in the middle of the night last night thinking about what I wanted to say. I've been dreaming about writing this letter for so long. Words are not enough to express how I feel. Tears flow freely as I type this, my friend. I wish I could give you and your team a good old fashioned southern style hug!

What you have done for me, my family, my company and my American Dream is phenomenal, miraculous and ....

THANK YOU FROM THE BOTTOM OF MY HEART!!!!!!

Corporate Turn Around

To all the great folks at CT:

I have been looking forward to this day for quiet a long time. Since September 7, 2010 to be exact. That's the day my life became my own again. That's the day I signed with Corporate Turn Around to help me do just that, turn my corporation around. And, I'm happy to report that we made it!

Since that day, we paid off 14 creditors who I owed over \$170K, that's one hundred seventy thousand dollars! An astronomical amount. A feat I knew I could not do alone. I will spare the story of tears, anxiety and anger that ensued prior to being approached by [REDACTED] and instead share the joy, relief and focus that developed as I worked with [REDACTED] to set a realistic budget and watched [REDACTED] work their magic to produce this miracle comeback for us. These fine gentleman negotiated over \$102K, that's one hundred two thousand dollars in savings! I still cannot believe what they were able to do for me. We paid only \$67K.

My 27 year old company is flourishing again. I can never express in words how I feel toward these men, and toward their company for the life line they extended to me. At a time when our company lost 75% of its business in 3 months, and struggled to try to salvage it for another 20 months only to realize the economy was not going to return to the level it once was, they were the only light in the storm.

It has been my honor to write this letter. Thank you for saving my American Dream!

Sincerely yours,

Vice President

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings.
