Dear Adam,

It is with a great deal of relief that I sit at my computer today, with a smile on my face and an unbelievable amount of stress lifted from my shoulders. I have finally made the last payment and settled most of my credit card debt through Corporate Turnaround.

I came to Corporate Turnaround back in June of 2005 with a mountain of Credit Card debt I had no idea what to do with. Being a new business I used credit cards to help start my business and sales were still slow. I had two business loans I was paying on and 8 credit cards I was paying. I was making the minimum payments on the cards but seemed to be getting farther behind on them. Then I began missing payments and falling behind. The credit card companies were calling everyday and making lots of threats and making me miserable and feeling helpless. Then I received a call from a woman named Arline F. She said she had a plan she thought could work. She said it was a battle-tested product and it helped hundreds of businesses before me. I had never met Arline before but she made me feel comfortable from the beginning and was very knowledgeable about the process. It was a tough decision but I basically handed CT the keys to my business and let them take me for a ride to DEBT Freedom.

I had about \$100k in credit card debt, spread out over 8 creditors. I never thought I could possibly pay these cards off in this lifetime. The interest was ridiculous and no one would work with me. CT got right to work on the accounts and the calls continued with their threats and when I told them they had to deal with CT the calls got less and less. CT coached me on how to handle these calls and informed me of the laws that they are supposed to follow but don't. Soon the calls ended and slowly but surely each creditor agreed to something that fit within my budget and my debt load started to disappear. It wasn't easy each month to make the money available, but I did it and the rewards were immeasurable. When all was said and done I saved more than 25K, and that includes what CT made! I am happy to be completing the program and would recommend CT for any business that is having a debt issue in these tough economic times.

Thank You

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. Debts may increase until a resolution is reached.
