Corporate Turnaround

In 2007 I was struggling with debt and a down turn in business when I chose to turn to Consumer Credit of Rochester to help me with my credit card debt. Sales were down, customers were taking 90 days to pay. I had used the cards to help my cash flow and before I knew it I had accumulated a significant amount of debt at very high interest rate. In 2008 I realized that the program was not reducing my debt fast enough or able to resolve an agreement with some companies. The collection calls kept coming which continued to detract from my business. I received a call from Scott [REDACTED] at Corporate Turnaround and listened to his program. I was reluctant to make a change and afraid this was a scam. Who are these people? So at that time I just let it go. A year later Scott called me again. So this time I did some research on the company and after spending a great deal of time talking to Scott, I was confident this was the right move. It turned out to be one of the best decisions in my business career. My client advocate was Jared [REDACTED]. I am so thankful for his help. Creditors were threatening me with you name it, even to the point one company was going to force me into bankruptcy. Jared advised me not to speak with them and CT would handle these nasty people. Many of them said they would not deal with CT. Jared moved up in his career and Sharon was assigned to my account. She was as good as Jared and handled my case very well! Each client advocate has set me up on a weekly dollar amount and settled my debt so I could continue my business. Sharon left the company and was replaced by Anthony [REDACTED], he's great, he's helped me so much. I think of him as part of my business family. The economy continued on a downturn, sales were flat. Anthony worked diligently to work on my budget and settle my debt. He always returned my calls, followed up on any request and encouraged me to keep moving in the right direction, even when sometimes I wanted to throw in the towel.

Thank you CT, Anthony, Sharon and Jarred. You've saved me \$41,000 so far and today I owe \$6000.00. After 33 years of business, this was a horrible situation to deal with. Thanks to them I feel I can breath again. I would recommend CT to anyone, especially Anthony. He has been professional, determined to help me resolve these issues. For the first time in long time I can focus on growing my business instead of treading water. If your indecisive write to me, I'll tell them not to hesitate. My only regret is that I didn't do it sooner!

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Debts may increase until a resolution is reached. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. Consult with a licensed attorney regarding the applicability of bankruptcy.
