Paramus NJ 07652

Wow, here it is almost five years later and we are almost finished with our business relationship. I can honestly say that I am glad I won't be talking to you any more after next month. You told me it would be a long trip and that you would be there for me and you always were.

After a couple of tough years of slow sales I had built up an enormous debt to vendors and unfortunately credit cards to get by. My main bank was very understanding and worked with me but they would not advance me any more money. My vendors for the most part were understanding and also worked with me. Some cut me off or put me on COD, others were very good.

The phone calls and threats from the credit card companies were starting to be a problem. They called at work and home at all the legal hours, sometimes several times a day. Then I got a call from a rep at Corporate Turnaround who made a lot of sense about my situation.

After talking with several associates there I was pleased to start working with you Anthony. We hit it off right away and you never led me wrong. I am very pleased that my debt of \$196,280.00 will be gone next month and you saved me \$74,979.00. It may have taken a little longer than anticipated but it was worth the wait.

Even though we have not met in person I consider you a good friend and always will.

Once again thanks my friend.

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Debts may increase until a resolution is reached.
