Attn: Adam [REDACTED] and CT Team

It is with great pleasure that I sit here today and write this letter of testimonial detailing my experience with Corporate Turnaround and their Debt Restructuring program. I came to CT in 2011 with a mountain of credit card debt that I never saw the business paying off.

13 different accounts owing over \$166,000!!!!

I had heard about Adam [REDACTED] and CT from a friend and decided to call in directly to see if they could help me. Adam took the call and took his time in explaining all that CT had to offer and how he thought he could help us. We agreed on a budget that worked best for the business and then handed all of these debts over to his trusted hands.

I was concerned at first since I had never been down this road before, and even more worried after all of the collection calls I received in the beginning. Adam warned me up front about the process and let me know what to look for—but it still doesn't prepare you for the actual collection calls. Collectors can be a down-right nasty bunch, but the best advice Adam ever gave me was to "Focus on the business and making money, and he will focus on the collection calls and handle each account from beginning to end." It was hard stepping back at first since I was always involved in the past, but it is better in some instances to let a neutral 3rd party handle communications of such a sensitive subject. Their plan really works, and was very well executed.

4 years later and all of my creditors are paid off and I couldn't be happier. I paid off over \$166k in high interest credit card debt in 4 years! I still can't believe how we did it!

Corporate Turnaround is a company that cares and follows through on what they say they are going to do. It is very rare in this day in age to find a company like them, and I am very glad I was able to find them before it was too late.

Sincerely,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Debts may increase until a resolution is reached. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice.
