Corporate Turnaround

Client Advocate

Dear Adam,

I really appreciate the over-all success the people at Corporate Turnaround had with the debt for my small business. If it wasn't for you guys, I likely still wouldn't be open right now.

I came on board in 2014 with one of those dreaded Merchant Cash Advance loans that was just too overwhelming for my budget. The loan sounded like a good deal when I was first approached about it, but oh boy was it a mistake. I was basically paying them back very aggressively and with a ton of interest on top. What a mistake! Well they say you live and learn I guess.

CT took over the debt and successfully negotiated a much more affordable payment plan, and even managed to save me a few bucks on the debt as well. I have to admit I was pretty scared at first when they told me they would NEVER cut a deal with you and that they wouldn't even speak with you at all. I just listened to what you told me and stayed off the phone with them and low and behold—they settled the debt over a much longer time frame. Thank you so much.

I am very happy with the results and can't thank the people of CT enough. Please thank your team for me.

Sincerely,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on.
